

IndVA Credit Recovery Course Catalog

Things to consider:

- Due to the nature of a credit recovery style course, students have the ability to test out of some assignments based on mastery displayed in the pretest for each module. Therefore, these courses DO NOT meet NCAA standards for a college bound athlete.
- Unlike many credit recovery programs found in schools today, the IndVA credit recovery courses also include a licensed Indiana instructor in the content area who will be facilitating the course. The instructor will grade items that aren't auto-graded, provide feedback and guidance, and assist students as needed.
- Students are given 15 weeks during the school year, 8 weeks during the summer, to complete a credit recovery course, however, the courses are designed to be completed in 10 weeks, on average, if the student is unable to test out of any of the work. Students are able to finish faster due to the condensed content.
- Due to the student's ability to skip assignments based on the pretest, you may consider proctoring the pretests. This is not a requirement of the IndVA, simply something you may want to consider.
- There is a final exam in each course and it must be proctored by someone at your school. These finals are password protected in the same fashion as our standard courses. Although it is not an IndVA requirement, you may consider requiring your students to pass the final exam in order to pass the course, due to the nature of credit recovery courses.

English

- CR English 9 (1002)
- CR English 10 (1004)
- CR English 11 (1006)
- CR English 12 (1008)

Math

- CR Algebra I (2520)
- CR Algebra II (2522)
- CR Geometry (2532)

Science

- CR Biology (3024)
- CR Chemistry (3064)

Social Studies

- CR World History and Civilization (1548)
- CR U.S. History (1542)
- CR Economics (1514) *One semester only
- CR Government (1540) *One semester only
